Experiences

- ✚ **SHL | Implementation Consultant | June 2025 – Present**
 - Delivered 50+ end-to-end ATS and HRIS implementation projects for global clients, integrating platforms such as SAP, Oracle Recruiting Cloud, Greenhouse, and Workday, improving recruitment process efficiency and system adoption.
 - Led technical solution design, mapping client requirements to platform capabilities with strong expertise in authentication, data flows, and integration architecture.
 - Partnered with product teams and ATS vendors to resolve 100+ delivery challenges, accelerating timelines and boosting client satisfaction scores.
 - Supported \$5M+ in pre-sales opportunities, providing consultancy on scoping, risk management, and timeline planning for complex projects.
- ✚ **HighRadius Technologies Private Ltd. | Consultant | Dec 2024 – June 2025**
 - **Implemented SaaS solutions** for enterprise clients, analyzing business needs and translating them into technical configurations, data flows, and integration requirements.
 - Facilitated seamless ERP and API-based integrations by collaborating closely with engineering teams, stakeholders, and client IT departments.
 - Managed all project documentation including Functional Specifications, API requirements, and trackers to ensure cross-functional clarity and alignment.
 - Developed comprehensive **training materials and conducted client training sessions**, ensuring smooth transition of the implemented solutions.
- ✚ **Temenos India Pvt. Ltd. | Technical Consultant | June 2022-Dec 2024 (Bengaluru)**
 - **Led cross-functional teams** in delivering two international upgrade projects within tight 8-month timelines, improving client satisfaction by 20%.
 - Developed and executed strategies to optimize client experience across multiple T24 modules, driving a 15% improvement in operational efficiency through innovative solutions.
 - **Increased billable utilization by 10%** through effective resource planning and performance tracking, aligning team goals with business objectives.
 - **Collaborated with PMO** and senior leadership to define project scopes, ensuring on-time and within-budget delivery for all client implementations.
 - Spearheaded knowledge transfer sessions, training both internal and client teams, resulting in a 25% reduction in post-implementation issues.
- ✚ **Temenos India Pvt. Ltd. | Onsite Consultant | November 2023– May 2024 (Harare, Zimbabwe)**
 - Led the **end-to-end technical upgrade** of T24 for the Reserve Bank of Zimbabwe, ensuring zero downtime during the transition through robust risk mitigation strategies.
 - **Managed a team** of 5+ consultants, fostering a collaborative environment that enhanced team performance by 15%.
 - Evaluated and scoped client requirements, identifying process improvements that resulted in a 30% reduction in upgrade cycle time for future projects.
 - Provided round-the-clock post-upgrade support, resolving critical issues within SLA, enhancing client trust and system reliability.
- ✚ **Temenos India Pvt. Ltd. | Associate Consultant | August 2021– May 2022 (Bengaluru)**
 - Supported **15+ upgrade projects** across 10+ countries, ensuring on-time completion and exceeding client expectations with a 90% project success rate.
 - Collaborated with stakeholders to refine project scopes, incorporating feedback to optimize delivery timelines and improve client satisfaction.
 - Developed and resolved L3 client issues, including code conversion and test script fixes.
- ✚ **B/S/H Home Appliances Group | Software Engineer – Intern | August 2020-June 2021 (Bengaluru)**
 - Prepared comprehensive test plans and scripts for SAP Solman 7.2, ensuring adherence to project requirements and reducing testing cycle times by 20%.
 - Developed end-to-end business process scripts using CBTA, identifying dependencies and mitigating system impacts to prevent delays in project execution.
